Project Name	LegalEase – AI-Powered Legal Document Generator
Maximum Marks	4 Marks

Empathy Map Canvas

For LegalEase, the empathy map can focus on a typical user such as a **startup founder, freelancer, landlord, or individual who needs to create a legal document without having extensive legal knowledge**. These user scenarios are described in the project document.

 USER: Person Who Needs a Legal Document

Empathy Map – Table Format

Says

"I need a legal document quickly."

"I need an NDA/contract/lease agreement."

"I don't know how to draft it."

"I want to edit the document before using it."

Thinks

"Is my document complete?"

"Am I missing an important clause?"

"How can I customize it for my situation?"

"Will the final document look professional?"

Does	Feels
Searches for legal templates	Confused

Collects information about the parties	Worried
Enters terms and conditions	Stressed
Tries to customize a document	Uncertain
Reviews the generated document	Frustrated

Pains

Complex legal language

Time-consuming document preparation

Difficulty selecting appropriate clauses

Formatting difficulties

Concern about missing important terms

Difficulty creating different document types TXT, DOCX and PDF export

Needs / Gains

Simple user interface

Fast document generation

Customized document content

Professional formatting

Editable document preview

The project's documented requirements specifically include **customizable legal documents, editable previews, professional formatting, and PDF/DOCX/TXT export**, which support the needs identified above.

User Goal

“I want to create a professional, customized legal document easily, review it, edit it, and download it in a suitable format without needing extensive legal-document drafting knowledge.”
